HOPE FOR HOSPICE

SUNDAY, MAY 3RD
2020

Facts about our Hospices:

Doane House Community Hospice has been serving the community, offering hope and healing for 31 years. Whereas the Margaret Bahen Residential Hospice has been supporting **#specialhospicemoments** to those who are coming to end of life for nearly three years. As part of the Better Living Health and Community Services family of organisations, we are better able to support our communities through the hospice programs and services in a caring and efficient way. All hospice services are free of charge which gives peace of mind to individuals and their families requiring support, whether in wellness programs, caregiver support or grief and bereavement.

In Hospice we are able to serve the community in various ways, including but not limited to:

Doane House

- Serving 532 clients
- Oasis and Wellness programs
- Art Therapy in local schools
- Caregiver Support Groups
- Day & evening bereavement sessions
- Children's bereavement workshops
- Individual Counseling

Margaret Bahen

- Served 189 residents
- Average length of stay 20.5 days
- 48% male & 52% female residents
- 69% admitted from Home/Community
- 79% of cancer diagnosis
- Ongoing Pet Therapy
- Complimentary Therapy sessions

Did you know:

It costs on average \$1000 per day for a hospital bed, in comparison to \$340 for a hospice bed

We have to raise 50% of our operating budget through donations

All hospice services come at no cost to the clients and residents

With your support we can continue to provide the best hospice care in the community!
